Executive Summary

Fiscal year 2012-2013 was a time of great change for Des Moines County Conservation. There were changes in staffing with a new Director, Environmental Education Manager, Operations Supervisor, and Conservation Technician. There were changes within the parks with the construction of the RV campground and improvements to the shooting range at Big Hollow. The ongoing construction of the Flint River Trail and numerous improvements to other parks and facilities continues the expansion of outdoor recreation opportunities in the county.

A major overhaul of the county's website and the improved online presence of the department is changing the way we communicate with the public. Increased public program numbers and higher program attendance has increased the number of people we're impacting with conservation education efforts. And a new strategic planning effort is changing the way we prioritize projects. This very document even reflects a change to the way we present our annual report.

But what hasn't changed is the department's commitment to the natural resources of Des Moines County. Whether it's introducing a child to the wonders of the natural environment, applying sound management to the landscape or simply providing a campground for a family to get away to for a weekend, this department is committed to the outdoors and to this community.

While it's no secret that budgets are tight and costs are rising, we're nevertheless continuing to push ahead with projects thanks to the tremendous support we receive from the community both financially and in the form of volunteer labor. More than 100 volunteers donated nearly 3,000 hours of labor this past year and private donations contributed nearly \$130,000 to Big Hollow alone.

We expect change to continue into the future. One way or another we'll keep moving forward with current projects. We'll continue to improve our areas and programs in hopes of offering the best services to the public with the greatest of efficiency. What won't change is our dedication to this community and to making Des Moines County a great place to be outdoors.

Yours in conservation,

Chris Lee, Director

Des Moines County Conservation

YEAR AT A GLANCE

Des Moines County Conservation concluded its 50th Anniversary celebration.

Development continued at Big Hollow with very little contribution from the county's general fund. Nearly \$130,000 in grants and private donations made it possible to construct the RV campground and cabin.

Improvements were made to the shooting range at Big Hollow. The termination berms on the 25 and

50 yard range were raised and the 50 yard range was reconfigured to increase safety. A new range safety plan was created to reflect updated policies.

Staff provided 237 conservation education programs, reaching 10,220 participants. Staff counted 7,249 people visiting Starr's Cave Nature Center.

1,598 people camped in DMCC campgrounds.

Volunteers continue to make an enormous impact to the organization. Over 120 volunteers donated nearly 3,000 hours of volunteer time.

The department's website was fully redesigned.

All of the department's 143 picnic tables were inspected and repaired.

General Basic fund expenditures were more than \$33,000 under budget.

More than \$180,000 from grants and donations was spent on conservation projects, an amount equal to roughly 30% of the department's General Basic budget.

OUTDOOR RECREATION

Des Moines County Conservation staff and volunteers work tirelessly to keep the county's parks and conservation areas maintained and open to the public. In addition to the regular maintenance required, staff often take on additional projects to improve, enhance, or expand outdoor recreation opportunities for the public. Some of those projects are highlighted here.

Project Summary

RV Campground – Dirt work was completed in mid-July 2012 on the new RV campground at Big Hollow. Staff hauled and graded 1,287

TONS of base rock for campground roads and camper pads; one day hauling in over one MILLION pounds of rock. 30 fire rings were installed on concrete pads, the area was seeded, trees were planted, registration posts were installed and electric was run to the first 19 sites just before the July 4th holiday 2013. The electric campground filled almost immediately.

Shooting Range – The shooting range at Big Hollow continues to be popular with the public. Memberships have increased each of the last five years. And though this is the first time in four years total visits to

the range decreased, largely due to the ranges being closed during the improvements, the number of people visiting the range over the year (3,239) still exceeded the running average (2,697) by more than 500 visitors.

Shooting Range Improvements -

Termination berms on the 25 and 50 yard ranges were raised from

12' to 21' to improve safety and come into compliance with NRA range manual recommendations. Staff also poured concrete around the 50 yard shelter so that it could be moved 6.5 degrees to the east. This allowed the line of fire to be taken away from any homes to the north. New sand and seed was installed on both termination berms.

Mission Statement

"Des Moines County Conservation is dedicated to the sustainability of natural resources through land stewardship, conservation education, and by providing quality outdoor recreation opportunities."

Cabin – Work was nearly completed on the primitive cabin at Big Hollow this year. With the help of Kevin Moore, boy scouts and other volunteers, windows, doors and shutters were all installed. Volunteer crews and staff worked to finish the interior walls, doors, trim, stain, and paint. Furnishings were ordered near the end of the fiscal year. Once fully furnished, the cabin will be open for rent, likely in late summer 2013.

Perimeter Trail Bridge – In fall of 2012, staff built a pedestrian bridge across a creek on the northeast section of the perimeter trail at Big Hollow. The bridge is 30' long, 8' wide, and built almost entirely from old steel and bridge plank from past projects. The bridge allows for the entire perimeter trail to be off of public roads and inside the boundary of the park.

Picnic Table rebuilding – Over the winter the crew overhauled all 143 of Des Moines County Conservation's picnic tables. Every single table was gone through, checked for missing, loose, or rusted nuts and bolts and broken or vandalized boards. Previously

painted tables were ground down and re-painted.

2013 Spring Floods – Spring of 2013 brought two rounds of flooding to Welter Recreation Area and all Mississippi River boat ramps. All tables were removed prior to both floods and all areas were cleaned after both rounds of flooding. As of the close of the fiscal year, all four boat ramps were still under water.

Events

Big Hollow Top Shot – The inaugural (2012) Big Hollow Top Shot was a successful 50th anniversary fundraiser bringing in 45 shooters and \$1,000 for the development of Big Hollow

Big Hollow Beach Bash – Another 50th anniversary fundraiser at Big Hollow brought three acts and a number of spectators.

Big Hollow Wilderness Run – the 2013 Big Hollow Wilderness Run had another good turnout with 46 runners braving a cold and windy day.

Maintenance

In addition to regular park and facility maintenance and improvement projects, the three field staff at Big Hollow handle virtually all of the maintenance and upkeep of the department's tools and equipment which includes 10 passenger vehicles, 4 tractors, a skid loader, 2 off-road utility vehicles, one ATV and dozens of implements.

CONSERVATION EDUCATION

DMCC's Conservation Education division continues to offer many outdoor learning opportunities and services to the public.

Programs

Annual programs include an owl prowl, eagle watch, parent-tot classes, critter catch, nature at night, a kids fishing derby, open climbing wall days, cross country ski rentals, youth ice fishing clinics, the Outdoor Youth Jamboree, summer day camps, and a concert series. Starr's Cave Nature Center is available to the general public for rental; the facilities are also open to local civic groups for monthly meetings and classes.

This year saw an increase in both the number of programs provided by DMCC staff and the number of participants attending programs. **237**

educational programs were offered throughout the year to 10,220 participants. That's 35 more programs and 545 more participants than last fiscal year. Over the course of the fiscal year, 7,249 people visited the nature center, the second highest number of visitors in six years.

The highlight of the year's events was the **Youth Jamboree**, an all-day event

at Big Hollow that brought in **966 participants** and has quickly become one of the biggest and most anticipated events each year.

Volunteers

DMCC volunteers were honored this year during a 50th Anniversary celebration dinner in November. The **Des Moines County Nature Trails Association** was recognized as **Volunteer Group of the Year** for all of their work in developing and installing new interpretive signs at Starr's Cave Park & Preserve. **Blake Hubbard & Dallas Young** were recognized as **Volunteers of the Year** for their help and dedication to our summer environmental education programs. Two Eagle Scout projects were also finished this year. Caleb Hemphill from Troop 53 constructed and installed an observation bee hive at Starr's Cave Nature Center and Ethan Bower from Troop 3, built and installed benches at Hunt Woods.

Over the course of the year, more than **120 volunteers** donated nearly **3,000 hours** of labor.

Mission Statement

LAND STEWARDSHIP

Des Moines County Conservation applies sound land stewardship efforts on both public and private land throughout the county. From contracted planting services to landowner technical assistance, DMCC's land stewardship efforts are broad and diverse. Below are highlights of DMCC's land stewardship efforts in fiscal year 2012-2013.

- Completed **105** acres of prescribed burns on private and public
- Planted **220 acres** of native grasses during fall 2012 and spring 2013 planting seasons.
- Planted 600 bare root trees on private land projects, as well as 100 potted trees in the newly established campground at Big Hollow.
- Assisted approximately 150 landowners by providing habitat and private land assistance through the Acres for Wildlife program.
- Volunteers logged **80** hours assisting with prescribed burning on public and private lands.
- Assisted with public presentations including:
 - Mid Contract Management
 - Food Plot Clinic
 - Trees for Kids tree plantings
 - Young Naturalist Camp at Starr's Cave.
- Partnered with USFWS Partners for Conservation program to assist private landowners in Des Moines County on several pending projects.

Mission Statement

"Des Moines County Conservation is dedicated to the sustainability of natural resources through land stewardship, conservation education, and by providing quality outdoor recreation opportunities."

ADMINISTRATION

Director Kim Perlstein resigned in February. She had spent an 11 year career with the department, four of which were as Director. With the previous departure of Environmental Education Coordinator Amanda Delperdang in November, the department spent much of the year without a full staff.

Kent Rector was hired in January as Environmental Education/Public Relations Manager. In February, then-Operations Supervisor Chris Lee was promoted to Director, filling the void left by Perlstein. The vacant Operations Supervisor position was later filled by then-Park Ranger/Technician JB Graham. The subsequent vacant technician position was filled when Jeremy Yost started with the department in May.

Patrick Moore and Amy Holley were summer interns in 2012. Patrick returned as summer intern for 2013 along with Dilan Beaird. Over the winter, two interns from the SCC Criminal Justice program, Ben Good and Jake Hopkins, joined the workforce at DMCC.

In addition to major staff changes, some other notable administrative issues over the year were:

- A new Shooting Range Safety Plan was created to better outline the policies governing the Big Hollow Shooting Range.
- The development of a shooting range at the Gahn Wildlife Refuge was proposed. After gathering extensive public input, it was decided not to pursue the project. However, there was clear evidence that a shooting facility close to town was desired by the public.
- The Conservation Board requested, and the County Supervisors approved, a resolution directing all revenue generated from Big Hollow to the department's Conservation Reserve account to be used by the department in the future. By capturing the revenue from the park, development efforts will still be possible without any major contributions from the county's general fund.
- The county's website saw a complete redesign with new content and functionality. Now, much of what took paperwork and phone calls can be done online.
- The Conservation Board and staff began working on a strategic plan to set forth goals and priorities for the department over the next several years.

GRANTS

- Iowa DNR Trees for Kids and Teens \$3,850 for shade trees at Big Hollow Campground
- US Fish and Wildlife Service Partners for Conservation \$5,000 for invasive tree removal at Big Hollow
- Iowa DNR Fish Habitat Grant \$42,000 (awarded in FY12, administered in FY13)

FINANCIAL SUMMARY

The fiscal year ended with a balance of \$33,766.28 in General Basic and \$7,268.26 in General Supplemental. General Basic Revenues exceeded projections by \$1,457.34, even with the reallocation of Big Hollow revenue to Conservation Reserve beginning in April.

Yet even without significant capital improvement funds in the budget, Des Moines County Conservation continued to move forward with the development at Big Hollow, investing nearly \$130,000 of non-budgetary funds into the park. The grants and private donations made to the Partners for Conservation Foundation made it possible to build an RV campground and a rental cabin. If the same investment had been made with public funds, the department's General Basic budget would have had to increase by 22%.

With all grants and outside funding sources included, nearly \$180,000 was spent on conservation projects that did not come from public funds. That's equal to 30% of the department's entire General Basic budget.

Further, by redesigning the layout of the RV campground at Big Hollow and doing much of the work in-house, DMCC will have saved over \$300,000 compared to the original engineer's estimates.

FACTS AND FIGURES

Facility Summary

Des Moines County Conservation manages 18 total properties containing the following facilities:

- 16 buildings
- 21 public restrooms
- 15 shelter houses
- 1 cabin
- 6 campgrounds/camp loops
- 128 campsites (66 electric, 62 primitive)
- 6 boat ramps
- 6 boat docks, 2 fishing piers
- 18 parking lots

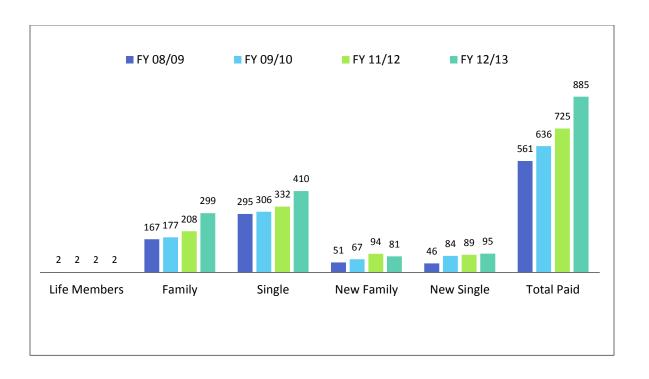

- 10 bridges
- 19 total miles of trail
- 1 shooting facility with 4 individual ranges
- 23 pond/lake dams
- 1 beach
- 1 playground
- 21 prescribed fire units
- 1,601 total acres
