### **NEW STRIP-TILL & P BANDING PROGRAM FOR BIG HOLLOW ANNOUNCED**

#### **Strip-till \$15 per acre**

- Acre limit is 160 acres per producer.
- No other tillage can be done before planting.
- Strip-till can be done without deep banding; Deep Banding can only be done with strip-till
- \$15 per acre for first time users of this program.
- \$10 per acre for previous users.

**\*The Payment for this program will be paid in the spring after planting.**

**\*Can not be used with federal programs.**

**\*Producers will be required to submit receipts for custom work.**

### Banding Phosphorus is an additional \$15 per acre

- Just anhydrous knifed in does not qualify for this program.
- Anhydrous can be knifed in with the phosphorus.
- Phosphorus can be dry or liquid.
- Must be incorporated in the soil.
- Must be strip-tilled in, cannot be broadcast and then incorporated.
- \$15 per acre for the first time users of this program.
- \$10 per acre for previous users.

**\*The Payment for this program will be paid in the spring after planting.**

**\*Can not be used with federal programs.**

**\*Producers will be required to submit receipts for custom work and fertilizer applied.**
